

## American Innovations, Inc. receives SBA HUBZone certification

Source: American Innovations, Inc. News Room

**May 14, 2009 (Chestnut Ridge, NY)** - On May 14th of 2009, American Innovations, Inc. proudly received its HUBZone certification.

The U.S. Small Business Administration HUBZone program is designed to promote job growth, capital investment, and economic development to historically underutilized business zones, referred to as HUBZones, by providing contracting assistance to small businesses located in these economically distressed communities. The agencies of the U.S. federal government are required by the HUBZone Empowerment Act to contract with HUBZone certified small businesses for more than 3% of their budget in the form of prime contracts to HUBZone firms.

Along with its mission to provide the very best technology and services to keep our armed forces and 1st responders safe, American Innovations, Inc. is committed to contributing to the economic health of our community. It is the hope and expectation of American Innovations, Inc. that this certification will help us participate in more government contracting opportunities, thereby generating growth, revenue and jobs in the community in which we live and work.
